

# Largest Gifts from Canadian Charities to other Qualified Donees for 2012

By Mark Blumberg (April 2, 2016)

Canadian charities, depending on their objects can carry out charitable activities in three different ways. Some do all three.

- 1) A registered charity can conduct charitable activities using staff and volunteers.
- 2) A registered charity can work with an intermediary who is not a qualified donee as long as it has “direction and control” over its funds as set out in CRA’s two Guidances on the subject (at <http://bit.ly/ybUGAB>)
- 3) A registered charity can make a gift to a qualified donee. For a list of qualified donees see: <http://www.cra-arc.gc.ca/chrts-gvng/qlfd-dns/qd-lstngs/menu-eng.html>

Here is a list of all gifts over \$100,000 from the 2012 T3010 Registered Charity Information Returns.

Keep in mind the many caveats about T3010 information including that registered charities sometimes make mistakes when they file their return, and sometimes CRA inputs the information incorrectly. This list does not cover all inter-charity transfers – CRA typically only inputs about 10 per T3010 – so some gifts are not going to be on the list. If there are mistakes let the Charities Directorate know.

The Sean Blumberg Transparency Project is in memory of my youngest brother Sean Blumberg. Sean was a sweet, kind person, a great brother who helped me on a number of occasions with many tasks including the time consuming and arduous task of reviewing T3010 databases and making them into something useful. As part of the Sean Blumberg Transparency Project, Blumbergs has been releasing information on the Canadian charity sector to provide a better understanding of the size, scope, complexity and challenges of the sector.
