

## Snapshot on Political Activities in the Canadian Charity Sector 2013

By Mark Blumberg (October 18, 2015)

We recently reviewed the T3010 information for 2013 for disclosure on political activities. It covers about 84,803 of the 86,000 registered charities that have so far filed their return and that have been entered into the CRA's database.

Canadian registered charities are currently required to disclose on the T3010 extensive information about their political activities.

Some of the questions include:

### **Line 2400**

Did the charity carry on any political activities during the fiscal period, including making gifts to qualified donees that were intended for political activities? 489 charities answered yes.

### **Line 5030**

Total amount spent by the charity on these political activities \$21,557,145.00

### **Line 5031**

Of the amount at line 5030, the total amount of gifts made to qualified donees \$ 2,788,124.00

### **Line 5032**

Total amount received from outside Canada that was directed to be spent on political activities \$229,822.00

Below we have detailed information from the Schedule 7 showing what the information provided by Canadian charities with respect to political activities on their T3010 filings.

Please review my caveats at the end about the reliability and usage of T3010 information.

As well, you may wish to read this article specifically on the T3010 and political activities before drawing too many conclusions based on this article:

[“How accurate are the T3010 charity returns when it comes to political activities?”](#)

Thank you to Celeste Bonas, an intern at Blumbergs, for helping with this project.

The Sean Blumberg Transparency Project is in memory of my youngest brother Sean Blumberg. Sean was a sweet, kind person, a great brother who helped me on a number of occasions with many tasks including the time consuming and arduous task of reviewing T3010 databases and making them into something useful. As part of the Sean Blumberg Transparency Project, Blumbergs has been releasing information on the Canadian charity sector to provide a better understanding of the size, scope, complexity and challenges of the sector.

In this regard, we devote less than 10% of our resources to conduct a limited extent of political activities as permitted under CRA's policies by encouraging governments to consider the needs of children in their policy decisions and hold them accountable for those decisions. The following described the political activities in Canada and internationally. Canada: We promote the awareness of Canadians by encouraging them to contact their government representatives to take action in addressing international poverty for the well-being of children. International: We support our field partners who encourage their citizens to express their desire for their governments to address the causes of poverty in their communities and to hold them accountable to decisions they have made to improve the lives of children. |

This FMCBE is a member of the Alberta School Board Association (ASBA) and the Alberta Catholic School Trustee's Association (ACSTA). The political activities of the FMCBE are related to ensuring the Province of Alberta provides School Boards the autonomy to make decisions in the best interests of the students and communities they serve and access to equitable funding to fulfill the mandate of educating their students. The FMCBE also provides input to any amendments to the Alberta School Act and regulations and communicates with their local communities about the local public education system. As a member of the ACSTA, the FMCBE is also committed to preserving and enhancing the rights of Catholics to education based on the Gospel of Jesus Christ and to provide spiritual and political leadership for publicly funded Catholic Education.  |
| 26. | ENVIRONMENTAL DEFENCE CANADA INC.   | \$181,121.00                         | Environmental Defence's political activities emphasized opportunities for government to enhance and/or maintain legislation to protect the environment. Specifically, we urged the federal government not to diminish protection for the environment as proposed through Omnibus Bills C-38 and C-45. We also urged the federal government to consult with environmental charities regarding important decisions related to environmental legislation. We researched and promoted the need for a national clean energy strategy that will create thousands of new jobs and decrease Canada's dependence on fossil fuels. We also developed educational materials to encourage stronger action by the federal government on reducing greenhouse gas emissions from the tar sands and mitigating climate change. With respect to the environment and human health, we published a report on men's personal care products that urged Health Canada to ban harmful and risky ingredients in these products. At the provincial level, we encouraged Ontarians to support a new Great Lakes Protection Act, having engaged directly in the public consultation process |

As reformed Christians, we believe that governments are God's servants for doing justice and seeking the good of all people - a demanding job in a diverse society and a broken world. Therefore, public dialogue seeks to provide thoughtful support and constructive criticism in work with our political leaders. Public dialogue is definitely an ongoing conversation about seeking justice, peace, and the good of all; for us, it is deeply rooted in our faith in Jesus.   |
| 32. | MENNONITE CHURCH CANADA   | \$131,397.00                         | - Monitoring and reporting human rights violations - Restoration of "right relationships" and justice. - Sending violence reduction teams who have been trained, to areas of conflict.  |
| 33. | JUVENILE DIABETES RESEARCH FOUNDATION CANADA / FONDATION DE LA RECHERCHE SUR LE DIABETE JUVENILE CANADA | \$130,115.00                         | JDRF is committed to delivering a cure for Type 1 Diabetes (T1D) and its complications through the support of research. JDRF focuses on developing better treatments that transform the way people with T1D treat the disease today in order to help them live healthier lives now and in the future. JDRF focuses on prevention to keep future generations from getting T1D. The JDRF Government Relations Program mandate is to influence all levels of government to financially and legislatively support T1D research to cure, treat and prevent T1D and its complications. For example JDRF took 40 children with T1D to Ottawa to mix, mingle and tell their story to Members of Parliament and Senators about the impact of living with T1D, demonstrate how diabetes research has changed lives and how investing in future research can place a cure within reach. The events theme, "Step Up to Cure Type 1", calls on parliamentarians and key decision-makers to increase government funding for T1D research and the expansion of JDRF's Canadian Clinical Trial Network to continue conducting advanced clinical trials of cutting-edge treatments and technologies that provide Canadians with the latest diabetes breakthroughs. |

Ces activités sont directement en lien avec notre mission qui consiste à améliorer les conditions de vie des personnes atteintes de sclérose en plaques. Les personnes atteintes de SP et leur proches aidants éprouvent beaucoup de difficultés à continuer de travailler à temps plein en raison de la nature imprévisible et épisodique de la maladie, alors que les programmes gouvernementaux en vigueur ne favorisent pas le maintien en poste à temps partiel pour les personnes atteintes de SP ou ils ne sont pas suffisamment adaptés ou souples pour couvrir les frais de subsistance de base pour les personnes qui ne peuvent plus travailler et pour les proches aidants. Par ailleurs, un financement insuffisant des cliniques de SP prive les personnes atteintes de cette maladie de soins spécialisés et adaptés à leur condition. |

| 63. | CANADIAN CANCER SOCIETY / SOCIÉTÉ CANADIENNE DU CANCER | \$49,582.00                          | In Saskatchewan the Canadian Cancer Society created public and political official awareness on public health policy issues that are of concern to the Society. Policy changes on these issues would reduce incidence and mortality rates and would help the Society live out its mission. Staff met with municipal and provincial governments to discuss three priorities: Indoor tanning, cosmetic use of pesticides and reduced tobacco use (outdoor smoking and flavours). We used advocacy efforts to educate and persuade stakeholders to support our positions.   |
| 64. | WEST COAST LEAF ASSOCIATION                            | \$47,700.00                          | West Coast LEAF's political activities are related to its law reform projects. Not all law reform work is political (much is charitable), especially when it overlaps with our education work. We write legal reports and make recommendations about how to change law and policy to better ensure respect for the Charter of Rights and Freedoms. Occasionally, we urge the public to contact their MLA or MP to encourage them to take action on a particular issue of concern. For most of our litigation and law reform work, we do some communications work which entails speaking to the media and at public events about our research and the need for changes in the law. There are a number of reasons we produce our legal research reports, one of which is to seek change to a particular law or policy that our research shows is contrary to the rights of women as protected by the Charter. |

| 102 | FRIENDS OF THE GREENBELT FOUNDATION | \$19,896.00                          | The Friends of the Greenbelt Foundation's charitable purposes include preserving, protecting and restoring the environment of the Greenbelt area in Ontario, as well as educating and increasing the public's understanding of the environment and agricultural issues pertaining to the Greenbelt. Since the provincial legislation that established the Greenbelt area, the Greenbelt Act, 2005 (Ontario) and the Greenbelt Plan, will be the subject of a 10 year review in 2015, the Friends of the Greenbelt Foundation has spent some of its staff time and financial resources during the fiscal year on increasing public awareness of the benefits of the Greenbelt and encouraging members of the public to take action to protect and enhance the Greenbelt. These activities are intended to support the Foundation's purpose of preserving, protecting and restoring the environment of the Greenbelt and increasing the public's awareness and understanding of the benefits of the Greenbelt. The Foundation's political activity involved expenditures for its own activities, as well as gifts to two qualified donees (see Qualified Donees Worksheet - T1236, for details) to fund a portion of their respective political activities on the Greenbelt. |
| 103 | THE STOP COMMUNITY FOOD CENTRE      | \$19,650.00                          | In the fiscal year we had limited political activities related to poverty reduction. We met with our MPP to discuss poverty reduction, participated in a conference related to raising social assistance rates in Ontario, and participated in a demonstration against the proposed reduction to the Toronto community start up and maintenance benefit, and sent out a number of social media messages related to poverty and food issues. These activities are clearly related to our charitable purpose of rendering services to economically and socially disadvantaged persons in Toronto and engaging in research into the causes of, and means of alleviating poverty, and alienation in Toronto.   |

| 110 | IMAGINE CANADA  | \$17,753.00                          | In early 2013, Imagine Canada completed a social media campaign, urging our stakeholders to contact elected officials and express support for the proposed Stretch Tax Credit for Charitable Giving. The other political activity reported in 2013 is follow-up to that campaign - internal meetings to analyze what went right and wrong, and to identify lessons learned for any such campaigns in the future. The Stretch Tax Credit would encourage more Canadians to give more to charity. As such, political activity to promote it is directly related to Imagine Canada's programs and activities: as per our program information submitted to the CRA, "Imagine Canada is a national charitable organization whose cause is Canada's charities and nonprofits. Our three broad goals are to strengthen the sector's collective voice, create opportunities to connect and learn from each other, and build the sector's capacity to succeed." No gifts to qualified donees were made for political activity. |

At a provincial level, we supported changes to the BC Water Sustainability Act and supported a White Paper which discussed local government elections. We also worked to increase protection of species at risk through legal action focused on the protection of habitat and reductions of threats to southern resident orcas (on both sides of the border) and the Nooksack Dace. We promoted public support of the creation of a National Marine Conservation Area in the Southern Strait. We also advocated for the implementation of the Cohen Inquiry recommendations for further protection of Fraser River Sockeye. GSA voiced our concern over the closure of the Kitsilano Coast Guard base as reductions in navigational safety increase the risk of spills from recreational and commercial vessel accidents. GSA is involved in reducing the amount of sewage released into Georgia Strait from municipalities as well as recreational boats. Our purpose is to identify threats to the region and educate the public on the value of the health of the Strait, to encourage individual and collective responsibility to stop further degradation and to commence protective and restorative measures. |

| 131 | Canada Without Poverty / Canada sans pauvreté                             | \$12,620.00                          | Canada Without Poverty was established with the charitable purpose of relieving poverty in Canada. CWP believes that to lift 3-4 million people in Canada out of poverty will require the federal government to play a leading role and adopt national action plan to address key indicators of poverty, in particular: homelessness and inadequate income. We also believe this is in keeping with Canada's human rights commitments and obligations, which is also a charitable pursuit. For this reason approximately 4% of work focused on encouraging all members of parliament to adopt legislation which would establish a national housing and homelessness strategy, and a national anti-poverty strategy.   |

| 134 | CHRISTIAN MEDICAL DENTAL SOCIETY OF CANADA                                | \$12,094.00                          | The political activities of CMDS consisted of the production of a 5-minute educational video called "The Gift" which describes one family's experience with end of life issues. At the end of the video there is one screen that provides the address of the federal Attorney General and urges people to write him to encourage him to maintain the provisions of the Criminal Code which prohibit physician assisted suicide and euthanasia (PAS/E). The primary purpose of the video is education of the viewers, however, because there is a "call to action" we felt we should identify its production as a "political activity". The video is housed on our web site, but is a small part of our overall content whose primary purpose is public and professional |

Similarly, while the video has been promoted using social media, this is not the primary purpose of our social media program which is to educate the members on issues related to Christianity and practice. In addition, a sample letter to the Attorney General, and one to provincial MNA's in Quebec can be found on our website. The video was introduced with a press release. The video may be shown at public meetings along with a presentation on the topic of euthanasia. Expenses related to those public meetings organized by CMDS Canada where the video was shown to the general public have been listed as well, even though the primary purpose of these events is public education on the available research regarding the risks associated with legalization of PAS/E. With all of these expenses we have endeavored to be as open and transparent as possible and to err on the side of caution in our allocations. The aims of CMDS Canada are very broad and include presenting a positive Christian witness and to help doctors, dentists and students to attain maturity in Christ. This positive Christian witness involves helping to make our members and the public aware of the risks and dangers associated with the legalization of physician assisted suicide and euthanasia. Furthermore, it will be impossible for Christian doctors to practice medicine if there is no suitable conscience protection for those who are unable to perform physician-assisted suicide or euthanasia. For these reasons our work in this area falls squarely within the aims and charitable purposes of the society. |
| 135 | THE CHRISTIAN AND MISSIONARY ALLIANCE IN CANADA             | \$12,000.00                          | - advocacy at the federal level for prostitution law reform- meetings with MP's- encourage churches and individuals to write letters and visit MP's about prostitution law reform by providing letter templates, packets and video production- these activities follow our Scriptural religious mandate to defend the oppressed   |

In partnership with other poverty related organizations we created a campaign that requested the Canadian government to preserve our social programs. All of our activities related directly to our charitable purpose of alleviating poverty. |

### **Limitations and Caveats**

There are a number of cautions in dealing with the information from the T3010. You can access on the CRA website directly information on each Canadian registered charity at:

<http://www.cra-arc.gc.ca/charities/>

As well, Imagine Canada has created a website, with funding from the CRA, which utilizes T3010 and other information at [www.charityfocus.ca](http://www.charityfocus.ca) The Charity Focus website is well worth visiting.

We have placed various statistical information from charities and CRA on our website at:

[http://www.globalphilanthropy.ca/index.php/blog/category/canadian\\_charity\\_statistics.com](http://www.globalphilanthropy.ca/index.php/blog/category/canadian_charity_statistics.com)

All information in this note is provided “as is”.

- 1) The data in this note is based on the 2013 T3010 Registered Charity Information Return filings. Although all charities are supposed to file their T3010 within 6 months of their fiscal year end, some registered charities file their return late. In some cases they do not file at all and

then will lose their charitable status eventually. Depending on the dataset from CRA not every charity may have filed their T3010 or CRA may have received the T3010 but not yet inputted it.

- 2) Registered charities complete the T3010 and one person signs the form. The T3010 information is not independently verified by CRA when it is posted on the CRA site or placed in the CRA database.
- 3) Although an important legal document, the T3010 is often completed by volunteers or others who may have little understanding of the nuances of the Income Tax Act, who may have limited language skills, and who may not have easy access to the correct information and are often in a hurry to file the form to avoid deregistration. In the case of larger institutions who would generally be those who are hiring people with higher salaries the likelihood is greater than the average that the information will be accurately prepared by the institution and its accountants or finance staff. However, with larger charities when mistakes are made they can sometimes be very large mistakes. It is a good idea especially for larger charities for different parts of the charity to review the T3010 closely such as finance, program staff, fundraising etc. although sometimes this does not happen.
- 4) The T3010s are filed with CRA and in many cases needs to be coded by hand at CRA which can also introduce mistakes. Only a small number of T3010s have 2D bar code technology which will eliminate most processing errors on CRA's part. Canadian charities still cannot electronically file the T3010.
- 5) In some cases those completing the T3010 for a charity are deliberately deceptive. For example, an organization knows that it has substantial fundraising or political expenses but chooses to put them under charitable etc. Or an organization claims pharmaceuticals that it can purchase for \$50,000 are really worth \$50 million.
- 6) Don't rely on any of this information without checking with the charity and appropriate due diligence as required.
- 7) The T3010 is a tax form completed according to guidance provided by the CRA in a Guide ([T-4033](#)) and also various other CRA guidances and policies. The information inputted may not conform to Generally Accepted Accounting Principles (GAAP) and many not match what is in a financial statement. You can obtain copies of financial statements, whether audited or not, on any registered charity by requesting the financial statements from CRA. These financial statements are filed with CRA, but not placed on the CRA website, and they sometimes add further important information.
- 8) The T3010 asks certain questions. Many important questions are not asked on the T3010. Furthermore and most shockingly CRA is prohibited from releasing any information on the

[www.globalphilanthropy.ca](http://www.globalphilanthropy.ca)

approximately 80,000 – 100,000 non-profits that are not registered charities and may of them file the T1044 Non-Profit Information Return.

9) Relying on the T3010 to make decisions on whether a charity is efficient, effective, or worthwhile to support is prone to failure. We have established a website at [www.smartgiving.ca](http://www.smartgiving.ca) which discusses in detail questions donors may want to ask before donating to charity. Also we have prepared an article on [how much should a charity spend on overhead](#).
