

# The Cup Trust

We are a UK based charity that seeks to raise funds to enable us to make grants to other UK based registered charities.

We are registered, as a charity, and are governed by the UK Charity Commission. Our register number is 1129044.

The Charity Commission regulates the administration and affairs of all registered charities.

Whilst we can provide grants to any UK registered charity our current focus is on raising funds so we can provide grants to charities that seek to benefit children and young adults.

If you have any questions please email us at [thecuptrust@gmail.com](mailto:thecuptrust@gmail.com).

We shall in future be listing details of all grants we make.
