

# Blumbergs' Snapshot of Canadian Public Foundations 2023

**By Mark Blumberg and Henri Pasha (May 16, 2025)**

We recently reviewed the T3010 Registered Charity Information Return database for 2023 as part of the Sean Blumberg Transparency Project. The database covers about 83,540 of the approximately 86,000 registered charities in Canada that had filed their T3010 and were processed into CRA's Charity Listing database by March 2025.

The CRA divides the Canadian charity sector into 3 designations, assigned to each charity when they receive their notice of registration. The three designations are public foundations, private foundations, and charitable organizations, and are determined by the charity's structure, the source of their funding, and their mode of operation. Any charity with only one director, trustee, or official is automatically designated as a Private Foundation. More information on the designation system can be found on the [Government of Canada's website](#).

This article provides a snapshot of public foundations within the registered charity sector based on the 2022 T3010 filings. They account for 4,689 of all the registered charities in Canada. Keep in mind that these statistics only relate to registered charities under the *Income Tax Act* (Canada) and not to the 80,000 -100,000 non-profits which are not registered charities and for which CRA is not permitted to release information.

The Canadian charity sector is a vital part of Canadian society and economy with revenue of over \$393 billion and expenditures of about \$354 billion.

Please review the caveats at the end about the reliability and usage of T3010 information.

The Sean Blumberg Transparency Project is in memory of my youngest brother Sean Blumberg. Sean was a sweet, kind person, a great brother who helped me on a number of occasions with many tasks including the time-consuming and arduous task of reviewing T3010 databases and making them into something useful. As part of the Sean Blumberg Transparency Project, Blumbergs has been releasing

information on the Canadian charity sector to provide a better understanding of the size, scope, complexity, and challenges of the sector.

In 2023, 83,540 of approximately 86,000 Canadian registered charities completed their T3010 returns. There were, however, 2 different T3010 returns from which a charity had to select depending on their year-end.

Charities with **fiscal periods ending on or after December 31, 2023**, filed their T3010 using T3010 Version 24. Approximately 48,418 charities have a December 31 year-end. [Fillable PDF \(t3010-fill-24e.pdf\)](#). This version had quite a few extra questions that we discuss [here](#) and [here](#). This is the version in which we have displayed the data.

Charities with **fiscal periods ending on or before December 30, 2023**, filed their T3010 using Version 23. [Fillable PDF \(t3010-fill-23e.pdf\)](#)

When you look at the snapshot, realize that many of the charities did not need to complete those extra questions. Also, for the 2024 data that will be available next year, all charities will have to complete those questions. So, consider the information on the new questions to be preliminary and only completed by a subset of registered charities.

Some of the highlights of the Blumbergs' Snapshot of the Canadian Public Foundations 2023 include:

- 4,689 public foundations filed their T3010 in Canada out of approximately 86,000 charities
- \$14 billion in total revenue for Canadian public foundations and total expenditures of \$10 billion
- Government revenue totaled \$1.1 billion including from the federal government (\$389.2 million), provincial governments (\$620.3 million), and municipal/regional governments (\$115.7 million). In total government funding is approximately 8% of the revenue of public foundations.
- 4,372 identified themselves as active and 294 as inactive
- 3,061 made gifts to other charities or qualified donees during their 2023 fiscal year
- Canadian public foundations spent over \$195.4 million outside of Canada
- 2 Canadian public foundation received funds from Global Affairs Canada for foreign activities
- 70 identified having contractual relationships with foreign intermediaries, 11 public foundations identified that employees conducted activities outside of Canada and 37 had volunteers conducting foreign activities.
- \$155.3 million was received by Canadian public foundations from outside of Canada

- 1,296 identified having employment expenses while 3,367 did not have any employment expenses
- \$1.1 billion was spent by Canadian public foundations on salaries and other compensation expenditures
- \$5.4 billion in official donation receipts were issued by Canadian public foundations

**Important:** If you complete this section, you **must** answer **yes** to question C17.

For more information, go to [Canada.ca/charities-disbursement-quota](http://Canada.ca/charities-disbursement-quota).

**Step 1. Calculating the disbursement quota requirement for the current fiscal period**

Average value of property not used in charitable activities or administration (line 5900 from your return) ..... 805 \$ [16,660,154,581](#)

If permission to accumulate property has been granted, enter the total amount accumulated less all disbursements made for the specified purpose (add all amounts from lines 5500 minus all amounts at lines 5510 from **all returns** to date covered by the permission to accumulate property period) ..... 810 \$ [47,775,685](#)

Line 805 minus line 810 (if negative, enter 0) ..... 815 \$ [15,471,865,982](#)

**If line 815 is \$1,000,000 or less**

Multiply line 815 by 3.5% ..... 820 \$ [3,775,812](#)

**If line 815 is over \$1,000,000**

Line 815 minus \$1,000,000 ..... 825 \$ [14,962,132,566](#)

Line 825 multiplied by 5% ..... 830 \$ [689,386,012](#)

Line 830 plus \$35,000 ..... 835 \$ [703,810,815](#)

Enter the amount from line 820 or line 835. This is your charity's disbursement quota requirement for the current fiscal period ..... 840 \$ [737,374,978](#)

Total expenditures on charitable activities (line 5000 of your return) ..... 845 \$ [259,020,622](#)

Total amount of grants made to non-qualified donees (line 5045 of your return) ..... 850 \$ [23,695,376](#)

Total amount of gifts made to qualified donees (line 5050 of your return) ..... 855 \$ [1,713,430,754](#)

Add lines 845 to line 855 ..... 860 \$ [1,991,508,326](#)

Line 860 minus line 840. This is your charity's disbursement quota excess or shortfall for the current fiscal period ..... 865 \$ [1,255,044,162](#)

**If a shortfall exists (line 865 is negative), your charity can draw on disbursement excesses from the five previous fiscal periods to help it meet its shortfall. If no excesses are available to draw on, your charity can try to spend enough the following year to create an excess that it can carry back to cover the shortfall.**

**Step 2. Estimating the disbursement quota requirement for the next fiscal period**

Average value of property not used in charitable activities or administration prior to the next fiscal period (line 5910 from your return) ..... 870 \$ [17,253,652,995](#)

**If line 870 is \$1,000,000 or less**

Multiply line 870 by 3.5% ..... 875 \$ [4,084,823](#)

**If line 870 is over \$1,000,000**

Line 870 minus \$1,000,000 ..... 880 \$ [16,678,819,201](#)

Line 880 multiplied by 5% ..... 885 \$ [837,558,607](#)

Line 885 plus \$35,000 ..... 890 \$ [852,757,622](#)

The amount shown at line 875 or line 890 is your charity's estimated disbursement quota requirement for the next fiscal period.

## Limitations and Caveats

There are a number of cautions in dealing with the information from the T3010. You can access the CRA Charities Listing database directly on the CRA website at: [www.canada.ca/en/revenue-agency/services/charities-giving/list-charities/list-charities-other-qualified-donees.html](http://www.canada.ca/en/revenue-agency/services/charities-giving/list-charities/list-charities-other-qualified-donees.html). As well, Blumbergs also maintains Canada's largest charity information portal at [www.CharityData.ca](http://www.CharityData.ca) with up to 20 years of information on every Canadian registered charity. The portal is free, and the aim is to increase transparency in the Canadian charity sector. With CRA removing over 10 years' worth of information from the Charities Listing, [www.CharityData.ca](http://www.CharityData.ca) has far more years available. Currently CRA is only providing 5 years historical information on each charity.

- 1) The data in this note is based on the 2023 T3010 Registered Charity Information Return filings. Although all charities are supposed to file their T3010 within six months of their fiscal year end, some charities file late or do not file at all and then will lose their charitable status. Depending on the data set from CRA, not every charity may have filed their T3010 or been inputted yet.
- 2) Registered charities complete the T3010, and one person signs the form. The T3010 information is not independently verified by CRA when it is posted on the CRA site or placed in the CRA database.
- 3) Although an important legal document, the T3010 is often completed by volunteers or others who may have little understanding of the nuances of the *Income Tax Act* (Canada), limited language skills, may not have easy access to the correct information or are in a hurry to file the form to avoid deregistration. In the case of larger institutions, it is typically accountants or finance staff who prepare the T3010. One would expect greater accuracy with the larger institutions. However, as they also tend to be more complicated and involve bigger numbers, the likelihood of a significant inaccuracy in their T3010 filings is great.
- 4) The T3010s are filed with CRA and in many cases need to be coded by hand at CRA which can also introduce mistakes. Only a small number of T3010s have 2D bar code technology which can eliminate most processing errors on CRA's part. Canadian charities can, as of June 2019, electronically file the T3010 which does reduce errors and speed up the time that T3010 data is processed and available to the public. All charities should be filing their T3010's electronically using the [CRA MyBA system](#).
- 5) In some cases, those completing the T3010 for a charity are deliberately deceptive when completing the T3010. For example, an organization knows that it has substantial fundraising expenses but chooses to put them under charitable activities. Or an organization claims pharmaceuticals that it can purchase for \$50,000 are really worth \$50 million.
- 6) Don't rely on any of this information without checking with the charity and appropriate due diligence as required.
- 7) The T3010 is a tax form which is supposed to be completed according to guidance provided by the CRA in [Guide Completing the Registered Charity Information Return \(T-4033\)](#) and also various other CRA guidances and policies. The information inputted may not conform to Generally Accepted Accounting Principles (GAAP) and often the numbers will not match what is in a financial statement.

You can obtain copies of financial statements, whether audited or not, on any registered charity by requesting the financial statements from CRA. These financial statements are filed with CRA but not placed on the CRA website and they can sometimes add further information. Charities are not required to post their financial statements on their website, but charities should put up at least the last 5 years financial statements to make it easier for donors and the public to access them.

8) Some questions on the T3010 are more prone to error than others. Some questions are complicated, while others are quite straightforward. Some matters are easily quantifiable, like value of official donation receipts, while others require allocation and other subjective measurements. Some questions, like revenue, are answered by almost every charity and if a charity makes a mistake, the likelihood is that such a mistake will not have much impact on the bigger picture. On the other hand, to take a historical example some numbers like political expenditures by Canadian charities are often incorrectly completed and even one or two charities by mistakenly inserting large numbers in this category can distort the picture. With the 2012 numbers, the top six organizations listing political expenditures appear to be all mistakes. This seems to have inflated the numbers by about 1000%. You can see my article "[Did the University of Windsor spend \\$285 million on political activities in 2012](#)". For 2013, the political numbers were \$171 million on the T3010. If one reviews the actual organizations, the number is probably about \$26 million. For 2017, the number is \$28 million. For 2018, the number is \$30 million. Unfortunately, today the CRA does not ask any questions about political activities of Canadian charities.

9) The T3010 asks certain questions. Many [important questions](#) are not asked on the T3010. Relying on the T3010 to make decisions on whether a charity is efficient or worthwhile to support is prone to failure. We have established a website at [www.SmartGiving.ca](http://www.SmartGiving.ca) which discusses in detail questions donors may want to ask before donating to charity.
